## Take *History of Global Soccer (Hist 2117)* in Spain this Summer

Soccer – fútbol in Spain – is a global phenomenon. It has become an activity played and watched by billions of people around the world. Like few other cultural practices, fútbol crosses the borders of nation, class, race, gender, and politics. Yet, it does not always do so smoothly. As such, this course examines how the history of global soccer encapsulates many of the changes that have made – perhaps for better and perhaps for worse – our increasingly interconnected modern world. As we think about the beautiful game, we'll immerse ourselves in Spain's vibrant soccer culture, visit stadiums, and cheer on *La Roja* as they pursue World Cup glory!
